

Miss Sugita's Classroom Overview

My Philosophy

Teddy Roosevelt once said, "To educate a man in mind and not in morals is to educate a menace to society." Our goals in the classroom is to grow both in our curriculum and morals. These morals are grounded in a Biblical viewpoint of Lutheran faith. I expect mistakes in the classroom but we will all practice forgiveness. I aim to be a resource for students and give them the necessary tools to be confident in their education!

Academic: Every student will have **EQUAL expectations** for their growth but their goals will be differentiated based off of student data.

Behavior: Our classroom will focus on **positive and strict enforcement of expectations.**

Community: Students will be expected to follow the classroom rules to create a **safe environment.**

Classroom Rules

1. Be **Safe**

Our class will work together to create a safe environment. Every student needs to feel welcome and confident to explore and take charge of their learning.

2. Be **Responsible**

Students will be held accountable for their choices and their consequences.

3. Be **Respectful**

Students are expected to show respect to themselves, classmates, & the teacher.

Homework Policy/Assessment Policy

If students have homework it will be placed in their home/school folder. Assignments will be on the **RIGHT** and class or school information will be on the **LEFT**. I want us to work as a team to accomplish student goals. This will require **communication** between us to make sure the work load is appropriate for the student.

The expectation is that students will finish any assessments at home that were not complete in class to demonstrate understanding. Grading in the classroom will be based on student ability to give their **best effort while learning**. The student must demonstrate effort to understand and this will generate a **continuously evolving grade**.

Rewards & Consequences

Students will receive tickets that they can put into a jar based off of the following of our classroom rules. This will be **HOMERUN** expectations. When students are unable to we will follow a 3-strike rule that leads to a temporary dugout removal. My goal is always to have student rejoin learn with a **clean slate**.
