

**FELLOWSHIP OF
CHRISTIAN
ATHLETES**

To Whom It May Concern:

I am pleased to recommend Ryan Olson to serve as a Graduate Assistant Coach within your program! Ryan is an extremely gifted individual, who's committed to maximizing his abilities in nearly every aspect of his life.

Ryan is a humble servant leader who is tremendously coachable. As a team player, he's very relational and brings intentionality to every situation. Whether in the meeting room or on the court, he knows the subject well and maintains a hunger to grow in that knowledge. His competitive spirit manifests itself in boldness, courage, directness, intensity, and a strong voice. As he plans and executes, he is very detail oriented, thorough, and responsible to control what he can control. While pursuing God sized goals, Ryan is wise to simply do the next right thing and trust God with the results.

I had the privilege of serving with Ryan within the ministry of Fellowship of Christian Athletes (FCA) the summer of 2018. He interned with me in Lincoln, Nebraska and grew as a coach for Christ! It's such a joy to see a young coach know his why and then flesh that out daily with such conviction! He genuinely has an eternal vision and practical strategy to lead his athletes in all three dimensions: body, mind, and heart! I couldn't recommend Ryan to you more highly. If you need to know any more about him, please don't hesitate to ask.

Sincerely,

Robbie Trent
